

## Welcome on your journey to a secure financial future!

---

You can use this passport to track your progress as you go through the Money School program. Your instructors will fill in the information for each class you take in the appropriate "stamp". Our CT Money School advisors are always available to help you if you have questions along the way.

Attend 6 out of the 8 classes in the "STANDARD" panels of the booklet and you can turn your passport in for a Certificate of Completion. Visit [www.ctmoney.org/passport](http://www.ctmoney.org/passport) or call **860.951.2212 x238** for instructions on receiving your Certificate of Completion.
